In the event of an emergency, family and friends can contact our staff can be contacted on any of the numbers above.

Passports & Visas: All guests must have a passport valid for at least six more months after arrival and must have at least 3 blank/unstamped pages in the passport. Guests are responsible for checking with an Indonesian Embassy that, for the passport they hold, a visa can be issued on arrival in Indonesia. All visitors must be in possession of a return/onward flight ticket.

Insurance: We recommend purchasing cancellation insurance, in the event of unexpected changes in your travel plans. Baggage/Dive Equipment Insurance is also recommended. We do require all divers to have valid insurance from a reputable company that covers diving accidents. You will need to bring proof of this with you to show the guides when you check in. Emperor Indonesia use INDEPTH Insurance which is available to purchase onboard. As a temporary member, you will be able to gain insured member benefits. Prices can be found here: [Extras Price List](#).

On arrival: Guests arriving at the required airport on the check-in day will be met by a representative, wearing a uniform and holding a sign representing the boat for your trip. The meeting point is at the main exit, after you have collected your luggage.

Transfers to and from the liveboard: Transfers to and from the boat and to the local airport will be arranged in the morning of your arrival and departure and in accordance to your flight time. Check out is at anytime up to midday on the day of departure. For guests continuing their holiday in Indonesia at a resort, hotel or another liveboard, your on-going transfers need to be arranged by you from the airport. We will not be able to arrange direct transfers from the liveboard to resorts.

Domestic / Internal Flights: It is highly recommended that travellers arrive 90 minutes before departure for domestic flights due to check-in delays in remote locations. It is also recommended to book the earliest possible flight to the departure city of the boat in case of delays. Emperor Divers Indonesia cannot be held responsible for delays and cancellations of domestic airlines and cannot wait for departure to the following day with all other guests onboard. Some domestic airlines allow only 10-15 kilos of baggage but excess baggage is usually only charged at RPH20-30,000 per kilo. (approx. US \$2.00). Garuda Indonesia is our recommendation for the most reliable, diver (baggage) friendly airline.

Diving: Emperor recommend a maximum diving depth of 40 meters. Your maximum diving depth will be dependent on your level of training and experience. It is your responsibility to check what depths your insurance policy covers you for before your arrival.

All divers are required to have a minimum of 30 logged dives and that you are Advanced Open Water or equivalent.

All divers are required to dive in a buddy team; should you be a single diver a buddy will be allocated onboard. When the guide is in the water they will remain with the group to navigate the site and to look out for any interesting marine life to show you. The dive guide will not provide any dive training during the dive and you and buddy dive together at your own risk. As qualified divers, you are responsible for your own and your buddy's safety during the dive and to 'plan your dive, dive your plan' using a personal dive computer. You must begin, execute and end the dive with your dive buddy. You are expected to be able to dive to a standard as per the certification and experience requirements outlined. The guides may decide upon seeing each diver's ability not to enter the water for every dive and will remain onboard providing surface support only. Decompression diving, solo diving and technical diving is strictly prohibited.

There will be no diving on arrival and departure day and an average of 3 dives are offered per day. Divers must ensure that they leave a minimum of 24 hours between their last dive and their flight departure (or going to altitude). For all dive sites visited en route our dive guides will give you a detailed and comprehensive dive briefing before you enter the water.

Skills Review: Many agencies recommend a Skills Review if it has been longer than six months since your last dive. Emperor Indonesia advises divers to follow the agency recommendation for safety reasons. The Skills Review should be completed prior to your arrival to the boat and signed by an instructor in your diving logbook. Evidence of the date of your last dive should be shown in a log book to avoid problems on check-in. In the interests of safety, Emperor Indonesia reserves the right to restrict diving activities if the instructor has any concerns regarding diver safety.

Courses: We offer the PADI Advanced Open Water Course and Nitrox course on-board. For beginners, we can offer the PADI Discover Scuba Diving Experience and subsequent repeater dives with an Instructor. Courses and programmes are subject to availability and itinerary, they do not include course materials or certification fee. Prices can be found here: [Extras Price List](#). Course paperwork needs to be signed by a parent or guardian for students under the age of 18.

Medicals: All diving guests joining a Liveboard are required to sign a [self-declaration medical](#). If you are taking part in a [PADI](#) course on-board, you are required to sign a medical form prior to starting the course. In both cases, if you have, or think you have, any of the medical conditions listed you will need signed clearance from a doctor valid within 12 months of your planned liveboard. Where doctor's clearance is needed, we ask you to arrange this before arrival where possible and to bring it with you to avoid any delays, additional costs or even missing the trip.

Liability Release: When checking in on-board all divers are required to produce a valid certification/qualification and sign a completed registration form/waiver prior to the commencing diving activities. A sample can be found at the end of this document. US and Canadian divers must sign a North American Waiver which can be sent on request.

Dive equipment: We have ample storage space for your equipment and there is a spares box onboard. We suggest that you bring the following:

- Mask, snorkel, fins, boots, wetsuit, regulator, BCD, SMB (with a minimum of 5 metres of line to deploy during the safety stop), reef hook and a dive computer with spare batteries and a torch for any night dives.
- The average water temperature is 27°C, however can be as low as 20°C in South Komodo. We recommend a 3mm-5mm shortie or wetsuit for most trips and 5mm full suit with hood for South Komodo.

Equipment is available for rent from Emperor Indonesia and we ask that you pre-advise your equipment before you arrive on-board. We need to know normal sizes, height, weight and shoe sizes to prepare the correctly sized equipment for you.

All divers are required to use a dive computer, SMB and carry Reef Hooks for every dive and a torch each for night dives throughout their liveboard experience for safety reasons. Please bring your own or ask us what is available on-board.

Nitrox: Emperor Indonesia are equipped to offer Nitrox facilities and Nitrox fills (normally 32%) are chargeable, subject to demand and availability. Please inform the dive guide in plenty of time to ensure that your tank is ready for your diving.

Tanks & Adapters: We have DIN tanks and INT adapters available on-board. We strongly advise divers with M26 regulators to bring adapters to fit to DIN tanks.

Photo & Video equipment: Recharging facilities and rinse tanks are available onboard. You are asked not to charge items in your cabin left unattended or while you sleep for safety reasons.

Snorkelling/Non-divers: Both snorkelers and non-divers will be required to complete a liability form at the time of check in. Snorkelling can be taken from the tender when an Instructor/Guide is onboard to observe or unless the snorkeler is accompanied in

the water by a certified diver. We ask all snorkelers to wear a floatation aid at all times. Whilst every effort will be made for non-diving guests wishing to snorkel or guests wanting to try scuba diving, some itineraries or dive locations may not be permitted for safety reasons.

The Captain: An important man! He will decide, along with the dive guides, where you go and when. Often dive sites can look like a millpond on the surface and to the uninitiated seems perfectly acceptable to dive. However, if the captain and guides say no, please accept their decision. Safety is the foremost concern of our knowledgeable captain and dive guides. The sea is a dangerous place when not respected, so please accept the alternative plan as best you can.

Cabins: All the cabins accommodate two guests either in a double-bedded cabin or twin berth cabin. Cabins are pre-sold and allocated prior to arrival.

Bathrooms: All bathrooms are equipped with a shower, sink and toilet. Please take extra care in the bathrooms not to slip and always use the shower curtain/door. Placing toilet paper down any toilet on-board is not acceptable. This not only risks blocking the system but it also finds its way in to the delicate reef systems causing irreparable damage. Waste paper bins are provided in all bathrooms and are emptied regularly.

Hot water: Short showers are the order of the day on liveaboards as hot water is in short supply. We ask guests to shower at different times to ensure everyone enjoys a hot shower.

Air-conditioning: All cabins have individually controlled air-conditioning and a fan. Air-conditioning uses a lot of power and energy so we ask you to please be kind to the environment and don't leave the air conditioning on in your cabin when you are elsewhere on-board.

House-keeping: You will be provided with a bath and hand towel, plus an additional towel for use on deck. You may wish to bring an extra towel with you. Dive towels are available on the deck and are changed every day. The housekeeping crew will clean your cabin daily, generally after your first or second dive of the day. Towels and bed linen are changed once a week. For any additional cleaning required or change of towels please speak to the guides who will be able to assist you.

Food & Drink: The meals on-board are usually buffet style with a variety of Indonesian and International dishes to suit everyone. Indonesian food is traditionally a bit spicy, fish is available on-board, mostly frozen with a few fresh catches along the way. Water, tea and coffee and are complimentary. Soft drinks, fresh juices and alcohol (cocktails, spirits, wine and beer) are chargeable. **For any special dietary requests, such as vegetarian or any allergies, please inform us prior to arrival.** We source items locally, therefore items such as, but not limited to; wholemeal pastas or flour, gluten free products or soya substitutes are not typically available.

Alcohol: Alcohol is available to purchase on board and guests are welcome to bring their own alcohol onboard. Guests will not be permitted to dive after consuming alcohol or under the influence of a hangover as this seriously impairs your judgment and increases your risk of decompression sickness. If the guides deem that you are unfit to dive you will be asked to sit out the dive. Your safety and well being are paramount so this request by the dive guides will only be made to avoid accidents.

Behaviour: Anti-social or aggressive behaviour will not be tolerated and individuals who cause a disturbance to other guests may be removed from the liveaboard.

Entertainment: There is a variety of nightly entertainment ranging from night dives, watching films, reading a book or simply relaxing on the sundeck comparing fish stories.
